Trespass on the Case

Good day to the man or woman acting as Registrar,

Mak of the Parhar family filed December 24, 2020 giving notice i, counselor at law;
This communication with attached 'Parhar Court' communications please file into case no: 233120;
On November 13th 2020 the 'Parhar Court' was established with claim filed and 'Notice: Liability';
The 21 days have passed for the 'people' named in claim to respond.... the 'people' have not;
However i, received just today communications on 'Parhar Court' from people with no standing;
i, include communication sent to these people with no standing to avoid trespass/contempt of court;
i, insure filing and 'Parhar Court' proceeds honorably, correct jurisdiction and without trespass;
'Notice: Liability' filed with claim is crystal clear 'Parhar Court' is not a legal proceeding;
Any/all legal documents placed into 'Parhar Court' file i, require removed immediately;
Further, 'Supreme Court Civil Rules' were addressed as 'rules of civil procedure' in Notice: Liability;
i, require obligation [contract] or consent produced 'Supreme Court Civil Rules' apply to we the people;
Until required evidence produced and verifiable please insure trespass on the case does not occur;
i, will insure honorable and clear communications moving forward with all court staff providing services;
The 'Parhar Court' will communicate in early 2021 on moving court process forward with court staff;
i, thank [wo]man acting as registrar for your attention to file these documents into 'Parhar Court';
All communications surrounding the 'Parhar Court' are on the public record;
Please confirm receipt of this communication and official documents filed into said case file.

Kind Regards,
Christopher James
