Dear Sir:

RE: Oz lie Caissie et al ats. Emery Gallant and Bernice Gallant
Court File No. M/C/1065/00

Recently we received a plan of survey from Mr. R. Robichaud which establishes the line at a point different from the Howard McLaren line and confirms much what Mrs. Caissie has contended for some time. With a view to getting a settlement of this matter we want Mr. Robichaud to review the McLaren survey notes. These are presently with Hubert Bourque who says he is prepared to make them available with the written consent of Emery Gallant. Would you please obtain this consent for us so we can have Mr. Robichaud approach Mr. Bourque. With a little more patience perhaps we can get this matter settled to everyone's satisfaction.

Yours very truly,

Mockler Peters Oley Rouse
