Re: Court Action Filed Exposing Massive Fraud within Government of Ontario  
Attorney General and Minister of Finance OPP involved

Date: November 22, 2019

Greetings,

This communication is on behalf of [REDACTED] family affecting all people;

We the people require your support to bring forth a huge truth involving massive corruption;

All of it is backed by iron clad evidence that the Government of Ontario is terrified people learn;

The corruption began within 'Ministry of Finance' and then 'Attorney General of Ontario' office joined in terrorizing this family over the last 12 months [all documented/verified true].

The filing we established is under full penalty of perjury [REDACTED and i] as written and under oath was sworn to at a public courthouse to expose/stop massive corruption against we the people.

Rod Phillips [man acts as Minister MOF] and Doug Downey [man acts as Attorney General] are central to what has now evolved into further corruption at our public courthouses [obstruction];

These are not 'complaints' that have been filed and on the record... it is FACTS;

This wonderful family has been farming for over 30 years without ever having any problems.

We recently recorded a TESTAMENT of [REDACTED] to begin to expose the corruption.  
<https://www.youtube.com/watch?v=ES-PSS1QSyM> [this is a must watch for our country].

The entire country needs to see this story and have the fifth estate/cbc shine a bright light on this corruption all captured in documents on video/audio that has and continues to occur.

Today this family is being destroyed hanging on for dear life having caused no wrong or harm to anyone... as PUBLIC SERVANTS of a service corporation continue attacking relentlessly;

[REDACTED] have the courage and decided this cannot be allowed to continue or happen anymore and placed this enormous burden of the truth on their shoulders to protect everyone;

[REDACTED] reached out to me under enormous duress at the beginning of August 2019.

They retained 3 lawyers prior [\$30K] end of 2018 into 2019 who were fired once shown truth;

i, have not taken a dime from this family because it is my duty to protect my fellow man in need;

Why this story is so huge and why we are contacting fifth estate now [and CBC news] is this has now reached a critical point that if not exposed now/corrected then our entire country is at risk.

It's not an option but a duty for all to address with evidence [not theories/opinions] produced.

The RCMP was contacted several weeks ago and aware [Staff Sgt. Cathy McCrory Serious & organized crime division forwarded documents to intake] as is Milton intake for RCMP;

On Sept 13 2019 past commissioner of the OPP [Brad Blair] held a public news conference for over an hour [CBC streamed live]. This finally put a bright light on corruption occurring across multiple depts. of the service corporation 'GOVERNMENT OF ONTARIO'. The lawyer who appeared with Brad stated perfectly ... "this is just the tip of the iceberg" ... now we expose it;

Brad himself stated he has lost confidence in the OPP because it has been compromised.

<https://www.youtube.com/watch?v=l9irgl4g&t=3885s>

It was stated "public hearings" to address and bring it all out into the light... nope won't work;

We realized [as Brad's lawyer] the need to prosecute was the only way to bring the truth out;

The entire country needs to see this story and have the fifth estate/cbc shine a bright light on this corruption all captured in documents and on video/audio that has and continues to occur.

We wished to have contacted you sooner with website up and running to expose it all simply but we have had delays on that front which will soon be corrected hopefully up mid next week.

This pivotal moment right now also exposes the highest levels of the Judiciary [public servants] who are trusted to insure our PUBLIC courthouses are accessible to we the people... it is NOT and now is the time for whole country to be shown what is going on in our PUBLIC courthouse;

This is an incredible story/journey to share thru the 5<sup>th</sup> estate to deliver a hard hitting fact based report that once done... will bring about massive awareness and change and protect this family;

My background is 20 plus years of investigative work, at times providing support to all levels of law enforcement on various cases of fraud. This is a fact and i, stand behind everything claimed;

i, can be reached at [REDACTED]

Thank you for your time and efforts to bring this corruption affecting millions into the light.

Christopher
