Re: Urgent Action Required
Emergency Notice Trespass
Notice Liability

Good Day Niki, Leonard, Michael, Steven, Simon and Eugene...

i, Monica of the Marcu family give Emergency Notice Trespass that cause wrong and harm stop it now;
i, claim...

1. On July 30th 2024 Trespass (Theft, Kidnapping, Abuse [physical, mental], Terrorism, property damage);
2. 'WARRANT TO SEARCH ISSUED BY' relied to trespass has no jurisdiction [Exhibit 1];
3. "Prevention of Cruelty to Animals Act" and "Offence Act" [Exhibit 1] foundation used to create Warrant;
4. "Act[s]" are not law, they are internal policy written by people acting for crown service corporation[s];
5. No contract/consent exists with ANY [wo]man acting for service corporation[s] involved in this trespass;
6. Warrant issued is based on a false presumption to Jurisdiction over i and my property [Exhibit 1];
7. Living Testimony in the form of an Affidavit [Exhibit 2] be true under penalty of perjury;
8. There is NO verified claim from any man or woman i trespass cause wrong or harm to my property [dogs];
9. A woman acting as Attorney General for crown service corporation BRITISH COLUMBIA now involved;
10. Niki of Sharma family holds highest honorable position and is required to correct this horrific trespass;
11. i require Niki produce immediately written verifiable proof [contract] relied for said Act[s] jurisdiction;
12. Without consent 'contract' makes the law as words on paper do not control people by service corporations;

Failure to produce required evidence warrant based on Act[s] its prima fascia evidence trespass be true;
Service corporations do not write law[s] ... FACT...they create policy period that has no jurisdiction over man;
The only other fact left that would establish said Warrant is valid means a [wo]man involved claim...

1. i, property
2. have contract with my wet signature on private side i property;
3. hold contract[s] with any service corporations people who wrote said Act[s] as agents...i property;

Failure to produce this required evidence then Warrant/Act[s] relied are null/void trespass claim be true;

i, demand Niki address, correct and stop all wrong/harm with immediate restoration of property ordered occurs;
i, am an honorable woman who under immense wrong and harm have written today on public record to correct;
i, am of sound mind and consciousness who has addressed this trespass without right factually and lawfully;
i, have acted professionally for 40 years as a Doctor and 18 years breeding, training, selling guard dogs;
'Do Not Trespass' signage was posted at my gate \$100,000 fine per man or woman ...that's per trespass;

Total is 43 dogs & puppies trespass = \$4.3M in fines all involved face if property not restored;

NOTE: Notice Trespass was given prior to RCMP and SPCA agents honorably to avoid trespass [Exhibit 3];

i, was handcuffed locked in a police cruiser over 4 hours, driven 2 hours away to a hospital against my will;
3 days prior to trespass i held an open house for people to visit the property and see my amazing dogs;
What has been taken from me without right is same as having your children ripped from you by force;
We have **NEVER** had such a horrific experience ever in our lives living peacefully with our family [dogs];
Acting as AG for a crown service corporation BRITISH COLUMBIA Niki has jurisdiction to intervene/stop it;
i do not wish to escalate via liens and court actions to collect verified fines not including punitive damages;

i, wish to forgive all who trespass as God teaches who's law is supreme and not crown corporation[s] Acts ;
This will only happen if my property is restored immediately and all involved correct the record honorably;
The exhibits leave no doubt trespass occurred, unlawful, extortion, malicious and vexatious without right;
Exhibit 4 further proves extortion by these repugnant people at SPCA now claiming i pay to get property back;
Who is this [wo]man called BCFIRB? i have no contract or verified claim from these people giving jurisdiction;
This is another "Act[s]" corruption verified unless Niki again produce evidence to jurisdiction post haste;
Latin phrase, "ignorantia juris non excusat."...ignorance of law is no excuse a maxim in law Niki understands;
So again produce verifiable evidence said Act[s] = jurisdiction over i or my property to administrate;
Or produce verified claim i trespass...not an 'opinion' by SPCA agents or RCMP who state dogs in 'Distress'

FACT: definition of Distress: *great pain, anxiety, or sorrow; acute physical or mental suffering.*

It is these people involved who caused unnecessary distress by their actions and ignorance on Act[s] they use;
i, do not contract, consent or enter into any negotiations with the very people who have trespassed without right;

Restoration of my property is not negotiable your collective duties must address immediately;

This trespass never should have happened it has taken me a week to respond due to enormous wrong and harm;
Everyone on this communication is required to produce evidence to 'Act[s]' jurisdiction or restore my property;
This is on the public record and **ALL will be liable on private side** if this is not corrected post haste;
i, trust this is crystal clear to all trespass be true and actions required to stop this honorably with forgiveness;

i, under oath or affirmation under penalty of perjury make claim all here in said be true so help me god!

Sincerely,

Monica of the Marcu family
